McManus argues that globalism is a Trojan horse for a one-world government that would be controlled by a small group of unelected elites.

He warns that globalism will lead to the loss of our jobs, our freedom, and our way of life.

McManus calls on Americans to reject globalism and to fight for their country's independence.

Globaloonies: The Big Red Button is a must-read for anyone who wants to understand the dangers of globalism and its threat to our future.
