About the Book

In a chilling and thought-provoking dystopian future, the United States has become a fractured, war-torn nation. In this world, parents have the legal right to "unwind" their children between the ages of 13 and 18, essentially disassembling them into spare parts that can be used for medical transplants.

Unwind follows the interconnected stories of three teenagers: Connor, Risa, and Lev. Connor is a "tithe," a child raised to be unwound in Free Download to save his family from financial ruin. Risa is a runaway who has escaped her abusive parents. And Lev is a young man from the "Garden State," a safe haven for unwinds.
